Preamble

RAI MINISTRIES SOCIETY is an evangelical Christian ministry dedicated to the belief that marginalized communities must be encouraged to be free from servitude, despondence, forces of ignorance and human misery by enlightening them through Christian education and the provision of life skills.

Registered on the 8th day of June 2005, the society was conceived and organized by a group of evangelical Christian leaders from Eastern Africa, to address spiritual, social, cultural and intellectual needs of numerous generations and to assist in the provision of opportunities for self-development. The mission of Rai Ministries is to enlighten, enrich, educate and empower marginalized and poor communities.

With its objectives of evangelism, discipleship, supporting, guidance, counseling, provision of assistance to the needs of the marginalized communities, the Society provides these communities and individuals of all ages with training opportunities for self development and economic independence.

The ministry's objectives are implemented by well-trained staff and volunteers providing opportunities for the marginalized and poor communities to develop economically and spiritually.

In order to meet the needs that exist in the marginalized communities, the ministry in line with its vision is reaching out to these communities through weekly broadcasts on KBC and several other private radio stations in the Eastern Africa region.

These life changing broadcasts are received in Kenya, Uganda, Somalia, Ethiopia, Sudan, Tanzania Rwanda, Burundi and Eastern DR Congo. In addition to broadcasting ' ' RAIM also uses lectures, seminars and conferences to achieve that vision. Through our daring, dynamic on-location empowerment life changing training we have successfully trained participants from Somalia, Sudan, Zambia, Swaziland, DR Congo, Rwanda, Burundi, Tanzania and Uganda. RAIM seeks to empower the marginalized so that they can provide for their basic needs, have a sense of self worth, self respect, identity, dignity and recognition and at the same time be free from ignorance, misery and dogmatic beliefs.

RAIM objectives are accomplished by implementing relevant practical stimulating activities and materials that are well organized. On-going evaluation ensures progress and cost effectiveness while Fund Raising is a continuous process.
